High School Progress Report

Student Name:

Grade Level:

Parent/Guardian Name(s):

List ALL credits for this student, **even those taken from other teachers or dual enrollment.** Be sure to attach supporting documentation for those courses. Honors credits must have supporting documentation attached as outlined in the HEA handbook in order to receive honors GPA weight. **Please send in ALL grades for this student at one time.**

Specific Course Name: Geometry, US History, etc (Don't just put "science", "math", or "social studies")	Credit 1 or 0.5 (no ¼ credits)	Name of Curriculum used (if class taken at co-op, name of Co-op too)	First Semester	Second Semester	Final Grade

One credit represents 4-5 hours per week spent on that subject across both semesters. If completing a full credit in one semester, that's 8-10 hours per week on that one course. We reserve the right to ask/discuss/adjust credits when an excess of credits are submitted. See handbook for our grading policy.
